To get your lady primed for sex, who better than hookers to turn to for advice?

# Tips From the Pros

***Love Bites:*** "Everyone thinks teeth are what you shouldn't scrape your man's dick with when you're sucking his lollipop, but teeth can be pretty sexy too. Love bites may not be really appreciated by anyone who's ever been bitten too hard during sex, but I licked my lips when I got this assignment.

My task was to interview call girls and ask them to share trade secrets that would make for a more successful sex life. It was agreed that I'd interview only prime pussy, nothing unclean or unattractive, nothing that walks the streets. I had it all figured out that I'd also ask the best-looking ones to show and tell.

Well, I had it figured wrong. Something got the best of me—either ethics or cold feet—and I never got to score with a single one of those working girls. So much for the freebies of the writer's life! But no worries; you still get your freebie tips. Here are the best ideas—in their own words—from girls who get paid because they're good in bed. Read on and you'll see why.

"Actual biting can be a bit rough, but 'love scraping' can be a real turn-on. Bite your partner and you're likely to hurt him or her. In the heat of passion, people get carried away and don't realize how hard they're biting. Unless you're into masochism, it's no fun. But scrape your partner erotically with your teeth on his thigh, ass, or wherever his personal little sensitive spots are, and I guarantee you'll blow his mind.

"Go gently, slowly, teasing him lightly on his skin. Use one jaw or both. It's like tickling but not quite the same, because it doesn't really tickle. It's much more intense you might say. Oh, and be sure your teeth are reasonably dry, or the whole effect will go down the drain in a shower of spit." —*Cassie*

***Sneaky Sex:*** "When you were younger, you used to make out at the movies with your partner, right? Can you think of anything better to get hot and heavy with than an X-rated video in the privacy of your home?

"As you watch the video together, sit side by side and kiss, or feel each other up a little. Don't go any further than you would in public, even if you're watching alone in your own home. Make yourselves wait till the end of the movie. Prolonged make-out sessions are hot, and his hands on you can have about the same effect as the movie is having on him. Sex on the sneak always has a little extra appeal, so see how much you can get away with, kind of sneaky-like, just as you would if you were teenagers again." —*Maxine*

***Frenching Kissing:*** "It's no coincidence that the kissing that involves your tongues is called French kissing, and oral sex is called Frenching. When you have your man's tongue in your mouth, it's symbolic. Don't just let him play around with his tongue in your mouth aimlessly. Gently suck his tongue into your mouth and then work it back and forth as much as you can. Treat his tongue like a small cock and you'll really get him going.

"What else would you do if his cock was in your mouth? Then do that too. Kiss it. Getting him to keep his tongue far enough out of his mouth for you to kiss it isn't going to be easy, but try anyway. Draw his tongue back

into your mouth and tease his tongue with yours, the way you tease his cock with your tongue. Lick around it with little strokes or long swooping ones.

"Don't neglect his lips. They're suckable and tongueable. Kissing is something we've all done for so long that we tend to get mechanical about it. Be sensual, not mechanical, and you'll see it pays off." —*Alina*

***After He Comes:*** "I think one of the differences between a streetwalker and a high-class call girl like us is that the cheap whore rolls away after he comes, douches out and yells "Next!" (Well, not really, but almost.) It's true that it's usually a female complaint that the man rolls over and goes to sleep, or turns on the tube. But sometimes it's the woman who rolls away from the man, and some men need that continuation just as much as some women do.

"If a man wants to be left to himself after he comes that's fine if it's all right with you, but don't assume that's what he wants. He may want a few gentle motions to rock with as he's coming down from it. Or he may want cuddling or kissing, or just some kind of continued physical contact to carry out the act to a slow and gradual conclusion. Don't pour cold water on him by stopping short if that's not what he wants.—*Ceci*

***The Rear Approach:*** "Some men don't enjoy fucking a woman up the ass, but many do. Their women are often less than receptive, out of fear of pain or out of embarrassment. If you can overcome your concerns, not only will you have another way to please your man but another way to enjoy sex yourself. Try to get it started in the tub or shower. Let him wash your ass off. That way he's responsible for your cleanliness, and you don't have to be concerned about a less-than-wholesome experience since he's supervising the cleanup.

"Let him get your ass lathered up with the soap. Then put a finger in, then two, then three. If you can take them, he can wash off your ass and grease it up before slipping his hard poker up your chute.

"Men can enjoy anal penetration too once they get over their hang-ups, but many of them never do. They say they're afraid to let their women stick a finger, a vibrator, or any other sex paraphernalia up their asshole because it hurts, but that's only part of the story.

"They've got anal sex mixed up in their mind with homosexuality, and they've never given themselves a chance to find out how good it can feel to have their prostate massaged. The woman who can introduce anal delights to a man is a woman he's going to appreciate and remember for a long time. Just be sure to be gentle yet firm. He's going to take some persuading, coaxing, or pleading, but the rewards will be well worth it for him. Some women don't push to show a man, because they figure there's nothing in it for them anyhow. It's nothing that makes them feel good, after all. But your guy may return his pleasure by doing something special for you in return, and you'll both benefit." —*Tina*

***All Tied Up:*** "If either of you is hesitant about getting tied up and the other wants to try it, let the one who is to assume the tied-up position get on the bed, or wherever, and be tied up at both feet but only one hand. Of course the feeling of helplessness isn't complete, and you also get a little security, a little reassurance that it really isn't so bad and you can get out any time you want to. Next time, maybe you or he will be ready to be completely tied up.

"If you're still unsure, the next time try to set a time limit in advance. Agree to 10, 15 or 25 minutes of being tied up, and after that the bonds are to be released, no matter what."—*Rayne*

***Dirty Talk:*** "If your sex talk has become a pattern of

the same words and phrases every time you get it on, it's going to cease being sexy. In fact, it can even become a tremendous turn-off. Try not to say the same things every time as monotony could set in. "Shove it in, baby, fuck me good!" might get him off the first hundred times, but after that? Think of something else, something new, something real that isn't contrived or repeated because it's supposed to sound sexy. Tell him how you feel, what you want him to do to you, what you'd like to do to him, but don't use the same old tired words. Be inventive, but not so inventive that it isn't believable." —*Maggie*

***Shut It!*** "Sometimes if you don't say a thing, especially if you're used to sexy talk between yourselves, the silence can be very effective. It works in a couple of ways. First, you can focus on something else, since you don't have each other's words to listen to. Second, by not expressing your feelings verbally, you're cutting off a channel of communication that has to come out elsewhere. You may nibble on each other for the first time, or fuck each other much harder, or grab at each other with passion. You might just fuck so hard that your passion will surprise each other and yourself. But it's got to come out somewhere, and with words damned up look for it to show up someplace else—maybe someplace very unexpected, maybe someplace very effective." —*Traci*

***Don't Be Afraid to Ask:*** "I don't know if this is the kind of thing you're looking for. It's not what you'd call a hot suggestion, but it's really awfully important. A lot of the guys that come to me are married, and there's usually one thing they want to try that their wives won't do (or that they think their wives won't do).

"Okay, you're gonna ask me how come they don't at least ask their wives first. I'll tell you. It's because their wives might have a sneering or condescending attitude. They get that a few times and a guy knows better than to try again. Basic self-defense. If a guy asks his wife to try this or do that, and instead of just saying no (or better yet trying it), she says, "You want me to do what?!" Makes it sound like he's just asked her for the weirdest, most perverted act in the world.

"You should try something new in bed whenever possible and give it a chance. But if you can't dig it, don't knock it. Listen, I know a lot of men do the same to women. This is not strictly a wife's fault, believe me. But anyone of any gender, if they don't like the idea of some particular activity they should not make their partner feel weird for asking. Why am I telling you this? It's gonna take away some of our best customers if their wives ever get it through their heads not to take an attitude on their husbands." —*Monica*

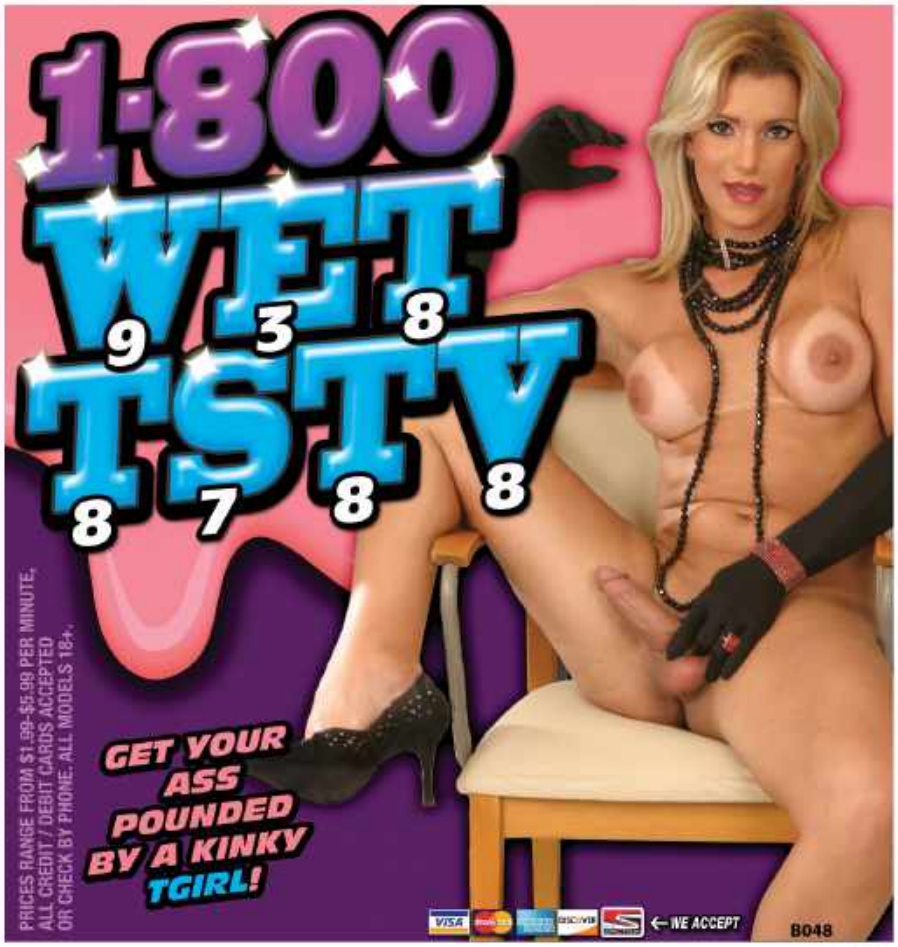

***Leave it to Beaver:*** "You change your hairstyle but how often do you change your pussy style? Do you think to sometimes shave and sometimes not? True, it can be hell when the stubble is first growing in. But if you can stick it out in the beginning, it's 'smooth sailing' after that. Vary it. Sometimes have a pussy that's completely shaved and sometimes grow a little bush. When you shave, you don't have to shave all over either. You can shave the lips and leave the front part alone so your actual pussy is bald, but the area above it has a fine bushy hairdo. This leaves him less of a chance for your cunt hair to get stuck in his teeth when he goes down on you, and gives him a better view if he asks you to spread your legs to let him see your inner beauty. He may even enjoy shaving you. Offer him the chance. It can be very sexy when his hands are all over you, touching and holding and pulling back lips, while he sculpts your hair like a landscaped hedge, a work of art to his liking."—*Renee*

it or can accept it. It's another sore point among some men, just like enjoying sex that involves their assholes. They think it's effeminate. But wouldn't you love to be the one to help a man discover a new erogenous zone?

"It's the nipple that you want to stimulate, rather than the fleshy part around it. The sensitivity of a man's breasts is not in relationship to its size, by the way. It doesn't work out that the guys who get stimulated there are the ones who have the largest breasts. I've met guys with bigger tits than I have, and who have no sensation. I've met guys flat as boards who could practically cream from titrubbing alone. Flick your tongue on their nipples while you're rubbing with your hands, and you'll get them even hotter." *—Leanne*

***Play Ball!*** "Suck 'em, tickle 'em, fondle 'em, and even knead them gently. Take them into your mouth and roll them around if you can. Just don't overlook them. They really are there to be played with, not just to make babies. Sure, they don't feel as nice as a good stiff dick does, and they can't do for you what his hard rod can when it rams you up your cunt, but that's no reason to ignore his balls. Give them a little love and attention. They deserve it." *—Holly*

***Build Him Up:*** "Tell him how good he is and don't fake it. There has to be something he's good at, even if overall he is a lousy lover. Maybe he's a bit too quick on the trigger but he gives great head or fabulous finger jobs. Tell him how good he is in those departments and boost his ego. It will make him try harder to please you, while making him feel good about himself at the same time. And if he's noticed there are certain areas you haven't praised, he's likely to get the message and work extra hard to get better where he's lacking. Also, if you tell him how good he is he'll have one more reason for fucking you more often. Not only does it feel good to him, but it wins him praise. There's a little boy inside every man, and children need encouragement, love and praise." *—JoJo*

***Silk 'n' Satin:*** "Use silk or satin sheets sometimes, or do it on a burlap throw. Wear clothing or robes of different materials. Fur and feathers can be very sexy, especially when applied in the right places. Don't just wear them; dust his balls with them and encase his cock with them. Brush them across his tits, and let his face feel them too. Surround him with sensual but different textures. Sex is a sensory experience, and the more senses that are brought into play, the better." *–Rosie*

***Show It Off:*** "Those G-strings and studded or jeweled jock straps aren't all being sold to male exotic dancers or gay guys, you know. Your man may not get the picture unless you spell it out for him. So try buying some exotic undergarments or strippers' outfits, and leave them out on the bed for him or put them in the drawer with his undershorts or pajamas.

"You have probably put on a show of some sort for him at some time. Even if you never do a striptease, you've probably undressed slowly or taken it off a little in an exhibitionistic way before you got into that bed with him. Why shouldn't he do the same with you?

"He might not think of it on his own. However, if you buy some exotic undergarments for him he may feel it's a shame to waste the money once if it's already been spent. When he sees how hot you get watching him, he'll be more receptive to the idea next time. So make sure you let him see that it's having an effect on you the first time he tries it, even if you have to exaggerate a bit." *—Charlie*

# CAUGHT IN THE RAIN

What do you get when you combine waking up late, a flat tire, a missed shift, and a torrential downpour? For me, it led to of the best days I've had in a long time. But it definitely didn't start out that way.

I'm usually a pretty easygoing guy. Basic routine, go to work, hit the gym, check out a bar, or head home for a simple dinner, and off to bed before doing it all over again. But that day a few months ago tested my patience and chill.

First, my phone ran an update and killed the alarm I set, letting me snooze right through the start of the day. Such a simple thing to go wrong, so normal, but it threw everything else off. Then, driving into work, I didn't notice the flat tire until about two miles into the trip, leaving me stranded on the side of the road, too far from work or home to be able to feel like I could avoid the rain that was starting, but that quickly picked up and soaked me through while I tried to change the tire on my own. And when I finally made it to work, they said they didn't need me for the day and sent me back home, drenched and tired. I only made it as far as the bar when I met the angel who turned my day around.

I was on my second drink when she came around, falling into the seat next to me. At first, I didn't want to pay any attention to her, but there was something about her that just got me to start turning: her legs. Long and bronze, smooth with the sheen of rainwater still clinging to them. Against my judgment, I let my eyes trail up those long limbs that ended just as they curved away from her ass, where her shorts finally cut off the display. My gaze went up her bare stomach and to where the wet, short, tight t-shirt clung to her perfect boobs. It was so obvious that I was ogling that she laughed before I spotted her face. At the same time, she was practically throwing her chest out at me so that I could get a better look, so it was all good.

We got to talking, but that didn't last long. This was one of those moments where there was instant chemistry just to go take care of each other. So that was what we did. We went out to the back alley in the rain, figuring no one else would come out there. And she was wild!

She pushed me back, making out with me as her hands were down her impossibly short and tight pants, fingering herself and moaning the whole way. I peeled my shirt off, throwing it into the rainy muck, never to be seen again. Hers came up too, but just high enough for me to play with the goods. It was like she had them trained to dance to my touch, drawing me in closer, my face quickly buried inside those wet, dirty pillows. She found the back wall of the alley and shoved me up against it, grabbing my hands and holding them over my head as she went down on my nipples, sending surges of energy through me that I was powerless to stop.

A free hand started exploring, teasing at my still-imprisoned cock. I urged her to free it and she moved to her knees, slowly popping the button and letting the zipper down. When she freed it, my dick smacked her in the face. She grabbed it and choked it down at the base, "punishing" it for being rude. As if to make her point, she swallowed the meat whole, her tongue dancing around and playing with the tip, making it throb with pleasure.

BLAIR-NTS-09

She devoured my rod, sending me close to the edge at least three times before she clawed and nibbled her way up my torso and back to my lips. Then, she turned around, exposing a beautifully plump ass. A couple of teases later, she slid her tight back hole down my cock and sent me into fits when she told me to fill it up. I bent her over, slapping her wet, exposed ass with our screams and moans echoing in the empty alley. I didn't need much then, blasting inside her as she demanded. It was so much, dripping back down my cock and over my still-heavy balls. She smiled at my junk, holding it like it was a tender animal as she slid off. Then, taking me by the cock, she led me back to her place across the street, where we kept the party going for the rest of the weekend.

# SIREN'S SONG

Sometimes, you need a place to go. A place away from all the pressures and challenges that start piling up. For me, it's always been an old lighthouse about a mile or so out of town. Even though it hasn't been used since before I started going there, it still possesses a deep mystique and power of an ocean siren, calling to me and pulling me away from the worries in my life; school when I was younger, now work, girlfriends, whatever it might be.

As far as I knew, I was the only one who used the lighthouse, but I probably should've known better. Last week I went out after a particularly harsh fight with my girlfriend, needing some space and fresh air, and I found a different kind of release. I like to climb up to the top and watch out to sea for hours at a time, getting lost when I can. That time, though, I was distracted by another car coming up and pulling alongside mine.

I watched with curiosity and bated breath as a shimmering figure stepped out. Long, glistening legs grew into a slender torso. Long, flowing raven hair spread halfway down her back and fluttered in the breeze. A sheer flowing shirt was thrown over her body, showing the small, blue bikini she wore underneath. She glanced at my car but didn't seem bothered by it as she headed toward the beach.

My eyes never strayed from her, and my heart raced in my chest, unsure whether it wanted her to see me or not. This was my place of solitude, and it looked like she was there for the same reason, yet the yearnings kept calling, pulling at me to say something, anything; to call out and get her attention and ask what brought her out to this solemn, private space.

She took the choice out of my hands when she turned and looked up.

I tried ducking out of sight, and when I looked back, she was gone. Right away, I wondered if I'd made a mistake, but within a couple of minutes, I heard the door to the top of the lighthouse open, and there she was. The breeze fluttered her shirt, showing off her smooth, tanned flesh in the golden sunlight. My jaw flapped open as she put a finger to her luscious, ruby lips.

She was a siren embodied, drawing me in with little more than a song, a whisper called over the wind that pierced me to my soul. In that moment, I would've done anything she demanded of me, and my loins stirred as she slid the shirt off and beckoned me closer. She wrapped her arms around my head and brought me in, allowing me to taste those perfect, beautiful strawberry lips, her tongue setting off to explore my mouth the moment we locked.

I pulled off my tight shirt, exposing my hairy chest to her flawless form. She let her fingernails drag through the forest, scratching at my flesh and sending waves of energy through me and straight to my hardening cock that was aching to be set free. Somewhere along the way, she managed to untie her bikini and as she pulled me to press her against the lighthouse wall, I realized she was completely naked,

with no sign of any sort of tan line interrupting her gold-tanned flesh.

She was wordless as she liberated my throbbing dick, which had no trouble finding its way home. She let out a low, powerful moan as I slid inside, taking the lead and direction from what she demanded. Harder and faster, I pounded until she lifted her legs and wrapped them around me, holding on tight with fiery eyes telling me she could take more, demanding that I give her more.

Dizzy with ecstasy, I grabbed her firm, tight ass and spun her around to press against the railing overlooking the sea. Her moans grew louder as she held on tighter but still demanded more. My balls slapped hard against her taint, heavy and ready to explode. My eyes rolled to the back of my head as I pounded her with everything I had, the danger of the large drop only sending more waves of pleasure through me until I couldn't hold it anymore. I let loose what felt like the largest double, maybe even triple, load I'd ever had. My juice filled her over and leaked back down my spent but still throbbing cock. She held me tight, riding up and down to milk everything she could out of me before gently laying us both down on the walkway, where I passed out in her arms.

I never got her name, and by the time I woke up, she was long gone, but I'll always remember that night when the strange woman on the beach convinced me that sirens were real.

# UNHAPPY AT WORK

Holly's a very hard working lady with long legs, great ass and even greater boobs. We work in the same office, on the same floor, in the same department. We got to talking and she said that she wasn't as happy at work as she thought. One day, we were talking and I was complaining about my boss and workload and she suggested we have an affair since we were both unhappy. I was floored. Never did I imagine that I'd have a chance to sleep with a hot babe like her.

It's one day later and we went to "lunch" and parked outside my apartment. We went in and immediately started kissing and petting. She was wearing a little black dress and I pulled out one of her boobs and bit and sucked on it. Then I slipped hand under her skirt and a finger inside her neatly trimmed blonde pussy as she grabbed my cock. We stumbled over to the couch and started to French kiss. Then Diane suddenly started undressing herself leaving only her thong panties on. I got naked, too. We started another wet kiss.

I wanted to fuck her and told her so. She said she wanted that too, so I laid her down roughly on the sofa and we got into a sixty-nine position. I started eating her pussy and playing with both of her holes. I just licked and licked until she came. And it felt great having my cock in her mouth as she moaned and groaned through her climax.

We got up and I spread her legs and lifted her ass in the air. I took my cock atnd slid it inside her moist pussy, telling her how beautiful she was and how much I'd wanted to fuck her. I started gently, but she wanted it harder! I rammed into her harder, telling her that I was going to fuck her as much as I wanted!

Next I laid her face down on the sofa and penetrated her again from the back this time. She kept telling me to fuck her harder which I did and she came hard, stifling her screams into the seat cushion. I felt me cumming too and I pulled out, rolled her over, and shot rope after rope of hot sticky cum on her stomach. We fucked a dozen more times during the year. Unfortunately, I got transferred to Omaha. Omaha, of all places! Maybe I'll find another like her there.

# Irene

Irene's been looking for a distraction from all her intense studies. Long hours have left her libido at a boiling point, and she just can't focus any longer. Turning to her boyfriend, who's brought a pretty pink vibe, she takes his cock out of his pants and into her mouth as he primes her quite tight little asshole. Soon he's balls deep and slamming that hot ass till they're both spent!
